## OUR STORY

We take our name from a tiny pub in Dublin, Ireland.

Owned by our owner's dad, it sat next to a cathedral and was said to be the smallest pub in Dublin; hence the name. We like the idea of being small and tucked away. That being said, we might be small but there's no shortage of big times. We also like the idea of stumbling on new things to eat and drink. Our craft beer, spirits and wine mostly come from small purveyors who have an attention to detail and passion for quality.
